The above mentioned game is approved for use in New Jersey as an amusement game, as defined in the Amusement Game Licensing Law, N.J.S.A. 5:8-100 et seq. ("Law"), and the regulations promulgated thereunder, N.J.A.C. 13:3-1.1 et seq. ("Regulations"). This approval is based upon information supplied by the applicant at the time of application for certification. The game must be operated in accordance with the specifications submitted and the terms of this certification. Any modification of the manufacturer's specifications or the specified method of play immediately voids this certification.

It is unlawful to operate any amusement game in the State of New Jersey without a valid certification.

This certification is conditioned upon the following:

Super Sports Arena is a prize dispensing game where a player, upon inserting the amount required, presses the stop button to stop the traveling light which runs around the prize area. The playing field consists of lights surrounding the face of the cabinet with six red lights. There are six (6) carousels that can be adjusted to four (4) to utilize larger prizes. If the player stops the light on a red light, the prize on the corresponding carousel dispenses a prize.

- 1) The maximum price to play shall not exceed values set forth in N.J.A.C. 13:3-3.4.
- 2) Payout must occur immediately upon completion of the game.
- 3) Should the game end on an empty carousel, the machine will automatically dispense a prize from the next available carousel.
- 4.) Game shall be clean and free of debris.
- 5.) Game shall be installed and maintained according to manufacturer specifications.

This certification is not a license to operate the captioned gambling device. The device may only be operated in a location specifically approved for the operation of amusement games pursuant to the Law and Regulations.

The Commission reserves the right to suspend, revoke or modify this certification upon notice to the manufacturer and/or applicant.
